**Departure Center** :  
**Recipient's Name, Surname/Title** :  
**Recipient's Address** :  
**Shipment Kg/Dc (Dm<sup>3</sup>), Number, Type** :  
**Shipment Content** :

The risk of damage that may occur in the Cases Where the Sender is Responsible for the shipment(s) (the "Shipment(s)"), the information of which is provided above, has been explained to us, and we accept, declare, and undertake that **ARAS KARGO YURT İÇİ YURT DIŐI TAŐIMACILIK A.Ő.** will not be responsible for crushing, breaking, loss of characteristics, deterioration, and partial or complete damage to the **Shipment(s)** and other damages that may arise for these reasons, and that we will be responsible for all of these damages as the sender.

### The Cases Where the Sender is Responsible

- 1-Failure to pack the shipment(s) in such a way as to protect the goods from loss and damage and not to damage the carrier;
- 2-Failure to label shipments(s) at all or as required;
- 3-Failure to take the necessary protection measures in cases where shipments(s) need to be specially protected against heat, cold, temperature changes, humidity, shaking, or similar effects;
- 4-The fact that the damage was caused by a behavior of the sender or a special defect of the shipment(s);
- 5-Conditions caused by the natural characteristics of the shipments, which lead to easy damage, especially through breakage, rusting, deterioration, drying, infiltration, ordinary waste (including, but not limited to, stained glass, glass, and glassware, mirrors, marble-made items, porcelain, ceramics, glue, auto glass, automotive components that are not in styrofoam-backed boxes, foodstuffs, used electronic products shipped for repair purposes, all kinds of liquid substances that do not have flammable and explosive properties, liquids that are not harmful to human health in case of contact, etc.);
- 6-Situations arising from the transportation, damage, or loss of checks, promissory notes, stocks, bonds, etc., that are within the scope of negotiable instruments, gold, silver, etc. precious metals, as well as money and similar commodities;
- 7-Situations arising from the transportation of shipments prohibited for transportation under transportation law and other legislation;
- 8- Situations of incorrect and incomplete declaration of documents and other important information related to the destination, type, quantity, and qualities of the shipment, as well as its content.
